

Oxford | Full Integration Programme

For students wishing to take their English studies to the next level, we highly recommend this programme as a chance to use their language skills in meaningful contexts, practise their communication skills, and fully immerse themselves in UK culture and school life. Students will have the opportunity to make new friendships, develop their confidence and create lifelong memories!

A unique opportunity to join classes in local Oxfordshire high schools. International students are paired with a local "buddy," whom they accompany to lessons and join for lunch and breaks.

Alojamiento:
En Oxford, Ruskin College.
